# A CLEAR LEGAL PATH

---

**Why Now Is the Time to Register  
Your Interchange Claim**

# LIABILITY IS ESTABLISHED

- The June 2025 Tribunal ruling confirmed Visa and Mastercard's interchange fees are anticompetitive, meaning a key aspect of liability is established. The claims against the card schemes are one step closer to recovery.
- Registration closes 19 December 2025.
- Each month of delay may reduce recoverable losses, as English law may only allow you to recover value for six years before the filing date.
- Filing sooner is likely to maximise your recovery, potentially worth millions for merchants with high volumes of card transactions.
- No upfront cost or risk – fully funded, insured, and straightforward to join.

# REGISTER NOW

The claim is being prepared for filing; a key aspect of liability is established.

Funding is secured; what remains for businesses is the simple step of registration.
